### Guidelines and Terms & Conditions

**Please read the following guidelines and terms & conditions carefully before completing the online application form for the Dublin City Local Enhancement Programme 2026.**

The information provided in this document is intended to give potential applicants an understanding of the process by which applications for funding are assessed and approved and does not purport to be a legal interpretation.

#### Introduction

The **Local Enhancement Programme (LEP)** provides funding to support non-profit, community-based and/ or voluntary sector organisations or groups based in Ireland with their capital costs. Applicants, if successful and approved for a grant payment, will be required to purchase the approved items and/ or complete the works in full, before drawing down the grant from Dublin City Council. Grant funding will only be paid to the applicant when the following are submitted and verified by the LCDC Admin Team:

1. Proof of payment (receipts or invoices marked paid by the supplier);
2. A report with photographs on the items purchased and/ or works completed;
3. Evidence that the items and/ or works were procured in line with DCC's procurement policy (see page 12).

The LEP grant scheme for 2026 is different to previous years. It only reimburses applicants for approved items purchased and/ or works completed after the Department of Rural and Community Development & the Gaeltacht's announcement of successful applicants. The LCDC Admin Team will notify the successful groups at this stage.

The **LEP** is funded by the Department of Rural and Community Development and the Gaeltacht (the Department). It was announced by the Minister on 5<sup>th</sup> December, 2025 and is administered by the Local Community Development Committees (LCDCs) in each Local Authority area. The Department provides funding to each Local Authority (LA) area and the LCDC's then administer this funding locally to ensure funding is targeted appropriately towards addressing local disadvantage in the areas that need it most.

The LEP is focused on providing funding for capital costs, to non-profit, community-based and/ or voluntary sector organisations or groups based in Ireland particularly in disadvantaged areas.

The Minister has allocated €656,750.42 to Dublin City under the Local Enhancement Programme 2026.

The Programme in Dublin City is being administered by the Dublin City Local Community Development Committee (LCDC) and Dublin City Council (DCC).
